

I live in the 716 area code. The proposed changing of the area code for Arcade, NY to 585 will cause inconvenience. I live only 3 miles from my aging father-in-law who lives in Arcade. My understanding is that Arcade is associated more with Rochester, NY than Buffalo, NY. That is totally incorrect. Please don't let a small town, rural area suffer more economic hardship. Please keep Arcade and Wyoming County in the 716 area code. It only makes common sense.
